

DIFFICULTY LEVEL - 3

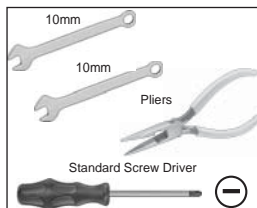

10 to 15 Min

Before working - always follow all instructions and warnings described in the Operator's Manuals for this mower.

NOTICE:

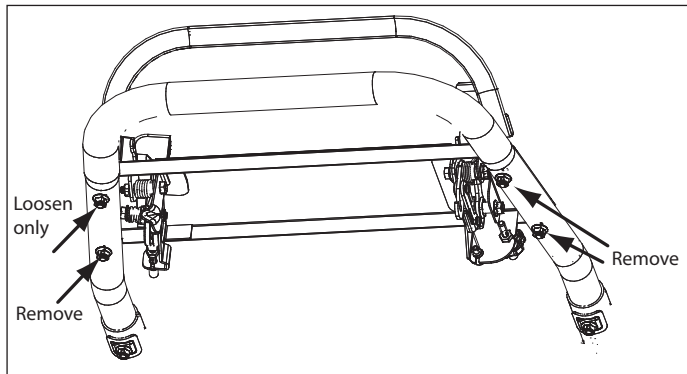

If you are unsure of how to use these instructions please contact us by e-mail: service@ybravo.com or by phone: 1.888.ybravo.1 (1.888.927.2861)

Tools needed:
2 pcs 10mm wrenches
Pliers
Standard flat screwdriver

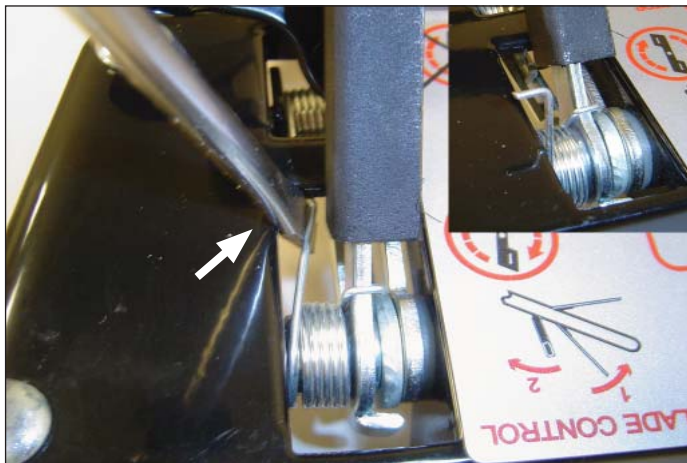

STEP 1

Remove the three - 10 mm nuts and screws as illustrated. Also loosen the fourth nut - but do not remove.

STEP 2

Release the tension of the return spring for the BBC control lever.

STEP 3

Lift up the control panel and remove the screw that holds the bushing for the control lever using the two 10 mm wrenches.

STEP 4

Carefully push the control lever assembly up - as illustrated. Remove the bushing. The bushing can be removed towards the right side but not towards the left side.

STEP 5

Reassemble the parts in reverse order. Verify that the springs are in the proper place. Verify that the spring for the lock bracket under the control panel is hooked up. Start the engine and test the function of the BBC control system.
